Situation Update
The Command Center Situation Report is issued Monday-Friday.

State Actions in Today’s Report:
- Daily Case Update (link in sidebar)
- Update on Mobile Testing Numbers
- Update on Holyoke and Chelsea Soldiers’ Homes

Resource Highlight:
Among the many resources on the Reopening Massachusetts website is a section that provides employers and employees information on supplies needed to return to workplaces. The site also includes a sortable list of vendors that can supply the materials needed during all phases of the reopening.

Background on the Command Center
The COVID Command Center, under the leadership of Secretary Marylou Sudders and reporting to Governor Charlie Baker and Lt. Governor Karyn Polito, is the Commonwealth’s single point of strategic decision making and coordination for the Administration’s comprehensive COVID-19 response.
COVID-19 Public Health Data

The COVID-19 Command Center will include in the DPH daily Dashboard 6 key public health indicators and trend data. Before and during reopening, these metrics must continue to show progress. The Department of Public Health continues to make available the underlying data for download. **City and town case data are published weekly each Wednesday.** *(Find the Data Files Here)*. Key data reflected in today’s report is provided below:
Important Updates

Update on Mobile Testing Numbers for Long Term Care, Assisted Living Residences and EOHHS Sites

### COVID-19 Cases in Long-Term Care (LTC) Facilities  
(as of 5/19)

| Residents/Healthcare Workers of LTC Facilities | 18,510 |
| LTC Facilities Reporting at Least One Case of COVID-19 | 344 |
| Deaths Reported in LTC Facilities            | 3,617 |

Holyoke Soldiers’ Home Update

- This week, the Holyoke Soldiers’ Home is distributing configured iPads for veterans at the Home and at the Holyoke Medical Center to use to communicate with families while in-person visits are not available.
  - Regular family communication continues from Holyoke Soldiers’ Home staff through video chat, using donated iPads, and the Family Hotline is available for ad hoc updates with support from social work and clinical staff.
  - Families can call the Family Hotline at 413-552-4764 Monday - Friday 8:00 a.m. - 4:00 p.m. Families can also request updates via email at CommunicationsMailbox-HLY@Mass.gov.
  - Please note the Soldiers’ Home can only share medical information about a resident with the authorized health care proxy on file. If a family member requests an update and is not the health care proxy, the name of the health care proxy will be shared and it will be suggested that the health care proxy should call and request the update.
- The Holyoke Soldiers’ Home has been intently focused on following infection control procedures and maintaining best practices for the safety of veteran residents and staff, and to support the recovery of veterans as the health status of many stabilizes.
- All veteran residents’ health is being monitored and retesting is being conducted for veterans both on- and off-site as clinically appropriate. As results are received, veteran residents are being cohorted and further monitored. Recovery units are being identified and readied for residents.
- The Holyoke Soldiers’ Home Clinical Command continues to respond to the COVID-19 outbreak, monitoring staffing levels, while bringing on additional management staff for nursing, facilities, and
administration staff to build capacity for resuming regular operations and moving to the recovery phase. Additionally, infection control staff is developing plans for dedicated recovery units.

- Governor Charlie Baker has advised flags be lowered to half-staff until the end of the public health emergency at the Soldiers' Home in Holyoke, Soldiers' Home in Chelsea, as well as the Massachusetts Veterans Memorial Cemetery in Agawam and Winchendon due to the fact Military Honors are unavailable during this public health crisis.

- The total numbers at the Holyoke Soldiers’ Home as of Tuesday May 19:
  - 88 veteran resident deaths (74 positive, 13 negatives, 1 unknown)
  - Testing results of all residents:
    - 77 veteran residents have tested positive
    - 59 veteran residents have tested negative
    - 0 veteran residents have pending tests
  - Resident locations:
    - 102 residents are onsite
    - 34 residents are offsite
      - 31 residents are at a dedicated skilled nursing unit at Holyoke Medical Center
      - 3 residents are receiving acute care offsite
  - 84 employees have tested positive

Chelsea Soldiers’ Home Update

- Chelsea Clinical Command continues to monitor and enforce staff use of personal protective equipment (PPE). Staff have been provided PPE core competency training, the entire facility is rounded on daily for infection control quality assurance checks, all units have been provided with educational materials, and there are daily cleanings throughout the facility in addition to frequent terminal cleaning.
- The Chelsea Soldiers’ Home clinical command continues to respond to the COVID-19 pandemic, including regular coordinating calls with the VA Health Care System. The Home has reviewed its infection control and clinical operations with additional experts.
- Veteran residents’ health is being monitored and retesting is being conducted for veterans both on- and off-site as clinically appropriate. As results are received, veteran residents are being cohorted and further monitored. Additional isolation space has been identified and is being readied.
- Last week, the Chelsea Soldiers’ Home leadership and Board of Trustees accepted a generous donation from Brighton Marine of 175 iPads to help keep Veterans stay connected during the pandemic. These iPads will allow for additional video visits between veteran residents and their loved ones, which have been made with support from the Chelsea Soldiers’ Home Social Work team and staff. Families can request updates on their loved ones by contacting the Home at CSH@mass.gov and through phone and video conversations. Medical information can only be shared with an authorized health care proxy.
- Governor Charlie Baker has advised flags be lowered to half-staff until the end of the public health emergency at the Soldiers’ Home in Chelsea, Soldiers’ Home in Holyoke, as well as the Massachusetts Veterans Memorial Cemetery in Agawam and Winchendon due to the fact Military Honors are unavailable during this public health crisis.

- The total numbers at the Chelsea Soldiers’ Home as of Tuesday May 19:
  - 38 veteran resident deaths (30 tested positive, 8 tested negative)
  - 36 veteran residents who have tested positive
  - 178 veteran residents who have tested negative
  - 57 staff tested positive
Resources

Homeless COVID-19 Isolation Sites
The Commonwealth’s COVID-19 Command Center and MEMA have stood up regional isolation and recovery sites located in hotels across the state [click here for more information]. These locations are for individuals who:

- Are homeless (people who normally sleep at a shelter, on the street, for whom home is unsafe due to violence, or who do not have a permanent address) AND
- Who are COVID-19 positive OR have a medical provider’s note recommending isolation and can safely isolate without medical supervision.

These sites are for individuals who have mild or moderate symptoms and do not need hospital level of care or nursing facility level of care. Medical treatment is not provided on site. As noted above, individuals must have a positive COVID-19 test or must have been seen by a medical provider and directed to isolate for them to be accepted. These locations cannot support individuals who need assistance with Activities of Daily Living or who need the level of care provided at a Skilled Nursing Facility.

For shelter providers located outside Boston, please call 617-367-5150 between the hours of 7 a.m. and 7 p.m. The intake coordinator will determine eligibility, register an individual for the program, and have the guest placed and transported to the nearest Isolation and Recovery location that has availability.

For shelter providers located in Boston please call 617-534-5050 to access sites in Boston.

Disaster Recovery Information
On March 27, the President declared a Major Disaster Declaration for the Commonwealth of Massachusetts related to the COVID-19 pandemic response. Through this declaration, federal aid will be made available to cities and towns, state agencies, and certain non-profits in all Massachusetts counties to help pay for emergency protective measures (response costs) related to the COVID-19 pandemic. MEMA’s Recovery Unit has developed a webpage with information and guidance on, but not limited to, disaster declaration, eligibility criteria, and the application process.

COVID-19 Public Resources Map
MEMA, together with MA VOAD and other partners, has developed a COVID-19 Public Resources Map showing the location of resources available to the public, such as food banks, houses of worship, and Project Bread site locations. Please note that this map is not inclusive of all resources and is only as accurate as the information that has been provided to MEMA.

Massachusetts COVID-19 Response Dashboard
MEMA has developed and maintains a public-facing COVID-19 ArcGIS Online dashboard, available here. This dashboard is continuously updated and captures information about current COVID 19 case counts, cases by age, cases by county, hospital status, hospital bed status, death tolls, and deaths by age. Users should refresh the dashboard on a daily basis as enhancements are continuously being added.

MA COVID-19 Test Site Locator
MEMA, in coordination with the COVID-19 Command Center, has launched a website featuring an interactive map with information about COVID-19 test sites in Massachusetts, including contact information, address, hours
of operation, website link, type of site, insurance coverage, and other important information. It also includes a downloadable full list of test sites.

All information is sourced from site operators and healthcare providers. Information continues to evolve quickly, so those looking to be tested are encouraged to contact sites prior to arrival. Many sites may also require pre-screening, a referral, and/or an appointment.

**Stay Informed**

- Get information from trusted sources. Visit https://www.mass.gov/covid19 for the latest news, case counts, and lab testing results. Call 2-1-1 with questions. Text the keyword COVIDMA to 888-777 to receive notifications to your phone. To receive these notifications in Spanish, text COVIDMAESP to 888-777
- Take care of your emotional health:
  - Call 2-1-1 and choose the “CALL2TALK” option.
  - Samaritans is continuing operations 24/7, as always. During this unprecedented time, it can feel overwhelming to receive constant messages about COVID-19. Call or text their 24/7 helpline any time at 877-870-4673.
  - The Disaster Distress Helpline, 1-800-985-5990, is a 24/7, 365-day-a-year, national hotline dedicated to providing immediate crisis counseling for people who are experiencing emotional distress related to any natural or human-caused disaster, including disease outbreaks like COVID-19. This toll-free, multilingual, and confidential crisis support service is available to all residents in the United States and its territories.

How to Help Out
• Donate to the Massachusetts COVID-19 Relief Fund.
• Volunteer opportunities for health professionals: Please click here.
• Get involved with the new Community Tracing Collaborative: Please click here.
• Donate or sell personal protective equipment: Please click here.
• Health care facilities can learn more about requesting personal protective equipment here.
• Apply for Jobs at COVID-19 Temporary Care Sites [Details Here].

The Need for Blood Donations Continues, and Recovered Covid-19 Donors Can Help Save Lives
In coordination with the U.S. Food and Drug Administration (FDA), the Red Cross is seeking people who are fully recovered from the new coronavirus to sign up to donate plasma to help current COVID-19 patients. People who have fully recovered from COVID-19 have antibodies in their plasma that can attack the virus. This convalescent plasma is being evaluated as treatment for patients with serious or immediately life-threatening COVID-19 infections, or those judged by a healthcare provider to be at high risk of progression to severe or life-threatening condition. Interested individuals can visit RedCrossBlood.org/plasma4covid to learn more, and if eligible, sign up to help.

We are also encouraging people who have not had COVID-19 to schedule and keep appointments to donate blood or platelets to ensure a stable blood supply during this pandemic. Donating blood products is essential to community health and the need for blood products is constant. As part of our nation’s critical infrastructure, healthy individuals can still donate in areas that have issued shelter in place declarations. The Red Cross follows the highest standards of safety and infection control, and volunteer donors are the only source of blood for those in need. To make an appointment to donate, please visit www.RedCrossBlood.org

Requests for Red Cross Emergency Response

American Red Cross
The American Red Cross (ARC) of Massachusetts is committed to fulfilling our Mission of providing emergency relief to our neighbors following a home fire or other disaster. We have implemented temporary changes to our response protocols. ARC we will be responding to your requests for service with a virtual response and ask your assistance in sharing this information with your Incident Commanders and Dispatch Center personnel.

Notification: Continue to request a response by contacting our long-standing emergency line 800-564-1234.

When calling: Please have contact information for the head of household for each displaced family unit. A point of contact from the Fire Department or Emergency Management on-scene that we can coordinate with if needed. Quick assessment as to extent of damage.

What we will do:
COVID-19 RESPONSE COMMAND CENTER
DAILY SITUATION REPORT

- Contact each head of household by phone or video chat. Open a virtual case for each affected family.
- Arrange for lodging if needed.
- Deliver a Client Assistance Card (financial assistance) to hotel, family member’s home, etc.
- Provide Recovery guidance and assistance in the days following the incident.

If a virtual response is not possible, we will send a minimal number of Red Cross volunteers to the scene to orchestrate the virtual intake process. We value our partnership with your department and encourage you to contact us with any questions.
